**ULTIMATE**  
CONSTRUCTION SOLUTION

*Ensuring Permanence*

**CHEMICAL SOLUTIONS THAT STAND  
THE TEST OF TIME**

PREMIER DEALERS & CONTRACTORS OF CONSTRUCTION CHEMICAL SOLUTIONS

**20+ YEARS EXPERIENCE | 5000 + PROJECTS COMPLETED**

"WHERE  
ADVANCED  
CHEMISTRY MEETS  
CONSTRUCTION  
EXCELLENCE"

# FROM VISION TO LEADERSHIP

## Two Decades of Chemical Innovation

2008: Expanded to application services

2015: Regional expansion

waiting to hit more milestones

2006: Founded as chemical distributor

2010: Achieved certified applicator status

2019: Industry leadership position

### OUR MISSION

Superior construction chemical solutions through authorized dealership, expert application, and ongoing technical support.

### OUR LEADERSHIP TEAM

**Mr. KKV Arul** – Founder & Managing Director  
30+ years in construction chemicals and application engineering.

"Our expertise and industry relationships drive access to premium products and proven application methodologies that deliver lasting results."

### KEY ACHIEVEMENTS

- Pioneered certified application services in the region
- Established partnerships with 15+ leading manufacturers
- Led development of comprehensive quality assurance programs
- Mentored industry's next generation of chemical application specialists

## THE ULTIMATE ADVANTAGE

Why Industry Leaders Choose Us

### AUTHORIZED DEALERSHIP STATUS

Direct access to premium construction chemicals from leading manufacturers at competitive prices

### CERTIFIED APPLICATION EXPERTISE

Factory-trained and certified technicians ensure perfect application every time

### TWO DECADES OF TECHNICAL MASTERY

20+ years of experience in specialized construction chemicals

### CUSTOM SOLUTION ARCHITECTURE

We analyze your specific requirements to recommend optimal chemical systems

### APPLICATION PERFECTION

Proper preparation, mixing ratios, and application techniques for maximum performance

### QUALITY ASSURANCE PARTNERSHIP

Combined product and application warranties with direct manufacturer support

### ONGOING TECHNICAL SUPPORT

Access to our knowledge base and support team for maintenance and future projects

# WATERPROOFING EXPERTS

Hydro Defense Systems

Advanced Waterproofing Chemical Solutions

## SYSTEMS WE SUPPLY & APPLY

- ◆ **CRYSTALLINE PENETRANTS**  
Self-healing concrete protection
- ◆ **CEMENTITIOUS COATINGS**  
Flexible membrane systems
- ◆ **ELASTOMERIC MEMBRANES**  
Superior crack-bridging
- ◆ **INJECTION GROUTS**  
Active leak sealing
- ◆ **BENTONITE SYSTEMS**  
Natural clay protection

## PROCESS

Assessment → Selection → Application → Testing → Documentation

## APPLICATIONS

Below-grade structures • Roofs & terraces • Wet areas • Water containment • Infrastructure

# EPOXY FLOORING EXCELLENCE

Resin Revolutionaries

Ultimate Construction Solutions

## Premium Epoxy Flooring Systems

### EPOXY SYSTEMS

- ◆ **SELF-LEVELING**  
Mirror-like perfection  
2-6mm thickness, 8,000+ PSI
- ◆ **DECORATIVE FLAKE & METALLIC**  
Stunning aesthetics, Unlimited design options
- ◆ **ESD & CONDUCTIVE**  
Electronics protection, ANSI/ESD compliant
- ◆ **CHEMICAL-RESISTANT**  
Industrial protection. Acid, base, solvent resistant
- ◆ **HEAVY-DUTY MORTAR**  
Maximum durability, 12,000+ PSI strength

### APPLICATIONS

Healthcare • Food Processing • Manufacturing • Commercial • Decorative

# POLYURETHANE FLOORS

Flexible Foundations

## Polyurethane Advantages

- ◆ **THERMAL SHOCK RESISTANCE**  
-40°F to +200°F range
- ◆ **CEMENTITIOUS MORTARS**  
Heavy-duty applications
- ◆ **CHEMICAL RESISTANCE**  
Aggressive chemical protection
- ◆ **COMFORT SYSTEMS**  
Ergonomic surfaces
- ◆ **FAST-CURE OPTIONS**  
Minimal downtime

**PERFORMANCE**

6,000-8,000 PSI strength, exceptional flexibility

**APPLICATION**

Food Processing • Beverage Industry • Heavy Industry • Thermal Stress

# STRUCTURAL REPAIR SOLUTIONS

Ultimate Construction Solutions

## Concrete Repair & Restoration

- ◆ **CRACK INJECTION**  
Structural restoration  
Epoxy & polyurethane resins
- ◆ **REPAIR MORTARS**  
High-strength restoration  
5,000+ PSI structural grade
- ◆ **CORROSION PROTECTION**  
Rebar protection systems  
Migrating inhibitors
- ◆ **CARBON FIBER**  
Structural strengthening  
Advanced reinforcement

## PROCESS

Assessment → Strategy → Preparation → Application → Verification

## APPLICATIONS

Bridge Rehabilitation • Tunnel Restoration • Marine Structures • Parking Garages • Historical Buildings

## BOND

### Tile Adhesives & Grout Systems

## ADHESIVE SYSTEMS

- ◆ **POLYMER-MODIFIED**  
Superior bonding  
50% stronger than standard
- ◆ **FLEXIBLE BONDING**  
Movement accommodation  
5mm deformation capability
- ◆ **CHEMICAL-RESISTANT**  
Harsh environments  
Zero absorption epoxy
- ◆ **RAPID-SETTING**  
Fast-track projects  
3-hour traffic capability

## GROUT TECHNOLOGIES

- ◆ **STAIN-RESISTANT EPOXY**  
Maintenance-free performance
- ◆ **ANTIMICROBIAL**  
Built-in bacterial resistance

## APPLICATIONS

Healthcare • Commercial Kitchens • Laboratories • High-Traffic Areas
